

## **Chance Trahan Asks Why We Tolerate George Soros When He's A Convicted Felon**

*Donald Trump And George Soros Are In Cahoots And Everyone's Livid*

**WASHINGTON - June 11, 2020 - [PRLog](#) -- Accept the fact that Soros and Trump are connected.**

In 2011, **Trump** said, "**forget Soros, leave him alone, he's got enough problems.**"

**Soros siphoned votes from Ted Cruz and paved Trump's victory.** The possibility exists that Hillary Clinton was played in the 2016 Election by both Soros and Trump. And this is obvious when you see the video where Hillary throws a tantrum after she receives the news of losing the Election.

Voting machine company, Smartmatic, is owned by Mark Malloch-Brown. Malloch-Brown serves on the Open Society Global Board. Smartmatic states, "George Soros does not have and has never had any ownership stake in Smartmatic." However, with the amount of corrupt politicians winning elections, the question wondered is, have Soros, Trump and Malloch-Brown secretly cooked up other ways to rig elections that the Mainstream Media isn't mentioning?

**Putin allegedly banned Soros from Russia in 2015** over the fact that Soros tried tearing down the Russian economy in the early 1990's when his organization was caught conducting covert operations to destabilize Russia. Soros is supposedly wanted dead or alive by Vladimir Putin. Snopes denies this fact, but is it true?

Here's a quote from Soros' Open Society Foundation:

"Our inclination is to engage in activities and with actors that will understand and counter Russian support to movements defending traditional values...Naming and shaming from us is problematic: we are also in the business of channeling money into other countries for political purposes."

"George Soros has a finger in every political pie there is. If there is a crisis on our world, it's a safe bet he's had a hand in it." -Phil Butler

Presidential Candidate, Chance Trahan, states, "It's substantial to point out that Planned Parenthood is funded by billionaires George Soros, Bill Gates and Warren Buffet just to name a few, and one way to defund counterproductive companies and organizations such as Planned Parenthood and Black Lives Matter which only exist to tear down our country and We The People is to convict those funding these initiatives, and then liquidate their assets. But who will stick to that plan without deviating from the initial goal, and without being persuaded by these billionaire's big money or any type of bribery that might come about from them? And though their initiatives might have spread out to other key players, I will stop the spread of this corruption once and for all and take down the criminals attached to this plot. You'll bear witness to high profile arrests and convictions without doppelgangers taking the place of the billionaires as some kind of patsy, or dead body replacement."
