

Federal Primary Election Update From Chance For President

HOLLYWOOD, Calif. - Nov. 29, 2020 - [PRLog](#) -- Elections are rigged, politics are filled with scandals, and everyone thinks they've got it all figured out. The facts are that no one knows the whole story, and the ones that do aren't telling anyone for fear of getting caught red—handed. Oligarchy is a key—term that many aren't acknowledging for the sake of them wanting to be right.

Oligarchy works like this:

- It's a controlled opposition.
- Manipulates people's emotions.
- Makes you think you have a choice.
- You think your choice means something.
- You think you're choosing a lesser of 2 evils.

For example:

- "Biden is the most awful person on the planet."
- "Trump is the most awful person in the world."

Every single day, year after year, election after election, people fall for this rigging, and only two parties are ever listed on the voting ballots. But, the good news is that more and more people are waking up to this and smelling the coffee. Every day, another person starts to see through the bad—acting, propoganda, and rushed agenda being ushered in right under our noses. And quite frankly, the masses are just not having it anymore. That's where Chance Trahan comes in.

"I've had enough of the White House Reality TV show. Spare me the semantics. In fact, spare everyone the agony scene," says Sheriff Chance Trahan.

"I sat back and watched votes for my campaign get thrown away, electronically rigged to be changed, and the whole time, the media has been covering it up and pretending as if my campaign never existed in the first place.... Especially with BLM and Covid 19. When in fact, there is a Federal Record that my Primary Election Campaign exists and has done quite well for a guy who's been doing all of his campaigning on his own," adds Chance Trahan.

"The greater majority of the crowds of people that showed up in support for Donald Trump or BLM were paid to be there. And face it, the only people who showed up, online, in support for Joe Biden, are too young to vote in the first place. This Biden is a clone, and Trump is just like Obama, because that imposter is married to a Tranny. And this is all fine and dandy, except for the fact that this is fraud," concludes Chance Trahan.

Anyone we've talked to that has had the pleasure of talking with Chance has said they are voting for him and support him. And that they also hope that with all of the investigations underway that the truth about the results will come out and that Nonpartisan Candidate, Trahan, will be the conceded party in the Primary Election.
