

Chance Trahan Calls Out Incumbent Cowards Repeatedly Committing Election Interference

The Presidential Election Of The United States Game Is Far From Over

LOS ANGELES - Oct. 7, 2020 - [PRLog](#) -- Chance Trahan is on a war path. With his Chance For President Federal Campaign, he's seen the largest profile of Federal Election Interference taking place in his entire lifetime, and he's just 40 years old. His Candidacy has taken great strides and has accomplished more than any other campaign ever put together in all history. Kanye West has merely fought to put his name on voting ballots in select States, Jo Jorgensen has only fought for her right to assert herself on—stage in an attempt to bicker with Donald Trump and Joe Biden, while Chance Bradford Trahan has steadily been fighting for the rights of We The People.

"I've often found myself trying to be a people pleaser, but I've come to find out that you just can't please everyone. This has led me to realize that in order for me to fix this country, that I'm going to have to do what's necessary, and not what other people just sit around thinking and babbling about. Not everyone is right, and not everyone is going to care the ways I do, so I have no business wasting my time listening to the people who aren't on the same level as I am. I've often been called cocky by others who are just outright hypocritical and abusive, and come to find out, they're possessed by demons. I performed an exorcism just earlier today on a Jezebel spirit. —The owner of 'BLM,' which is a Soros funded group that donates portions of their profits to the DNC, allegedly admitted just the other day that when they chant the supposed police brutality victim's names, that they're actually conjuring evil spirits. —Their website clearly states that BLM's mission is to destroy the family unit. They want to destroy happy families. Misery loves company. —BLM is not the same as Black Lives Matter, BLM is a business. It's a long—standing wide—known fact that BLM, with the help of George Soros, hijacked the Black Lives Matter movement and is using the passion of African-Americans as a political weapon. And the whole time, how many African-Americans are questioning this movement? And this isn't even the tip of the iceberg when it comes to everything the incumbent cowards have done to interfere with this Primary Election. Look at the empty—threat of the Russia investigation. What about the school shootings, riots, looting, arson and virus hoaxes? Look at all this drama and ask yourself why I'm not participating in any of these scams. I'll tell you why, because I'm out here doing actual work! That's more than I can say for my constituents," says Chance.
