Presidential Candidate Chance Trahan Discusses The 2020 US Presidential Election Aftermath And Analysis

WASHINGTON - June 9, 2021 - [PRLog](#) -- 2020 Presidential Election Recap

Before we get into the election, let's talk about Trump's Presidency.

Trump and His Associates

A seemingly popular guy like Trump has been known for having several associates and colleagues. Some of them were questionable, some of them were found guilty, some of them even plead guilty, and some of them skated-on without any repercussions what-so-ever. But, don't take my word for it, let's look at some of the people he's been known to chill with.

Trump and George Soros

George Soros and Donald Trump? Yep. George Soros and Donald Trump. Don't believe me? Why did Trump avoid using Soros' name in the media his entire Presidency and previous Campaigns? Trump and Nancy Pelosi

Turns out that Donald Trump and Nancy Pelosi are more closely related than he would like the public to think. Kimberly Guilfoyle, who served as a Presidential Advisor to Donald Trump, who served as an Assistant District Attorney in San Francisco, who used to be in a relationship with California Governor, Gavin Newsom, who she then later married and became the First Lady of California. She also was a legal analyst on Anderson Cooper 360°. This is the same person who prides herself as a Republican, was paid \$15,000.00 a month through the Parscale Strategy by Donald Trump, who is also dating.... [cont.]
